SUBJECT No. 264.

The pay of the masters of Kannada schools.

(1) Mr. Gurulingappa, Honnali Taluk.

(2) Messrs. Vine Rangaswamiengar and K. Krishnachar, Seringapatam Taluk, and Krishnappa, Yedatore Taluk.

Summary of discussion.—(1) Although some of the masters of Kannada schools have passed the Upper Secondary and Pandit's Examinations, they are getting only Rs. 10 which is also the pay given to one who passes the Lower Secondary Examination. It is prayed that, to give some real encouragement to qualified persons, the salaries given to them may be in proportion to the qualifications they possess, and that the length of service may always be considered along with qualifications in giving promotions.

(2) About 30 or 35 persons have passed these examinations. About 10 or 15 of them are teachers. They may be given a special grade as an incentive to Kannada scholarship. The Education Department does not seem to have shown special encouragement to these as required by standing orders. This omission may be rectified.
